PROJECTS

Asir Timesheet Application

Technologies: Angular, Spring boot, MySQL

Team Size: 4

Description: Internal tool for tracking work hours, managing tasks, and optimizing productivity through efficient time management.

Responsibilities: UI development, API design, OAuth 2.0 implementation, Api integration, defect fixing, peer testing.

Program Management Tracking Tool

Technologies: Angular, Spring Boot, MySQL

Team Size: 4

Description: Internal tool for project status tracking and customer data management.

Responsibilities: UI development, API design, OAuth 2.0 implementation, Api integration, defect fixing, peer testing.

Goals Application

Technologies: Spring Boot, Angular, MySQL

Team Size: 4

Description: Strategy execution tool for goal setting and cascading initiatives.

Responsibilities: UI development, REST API development, OAuth 2.0 implementation, Api integration, defect fixing, peer testing.

INR Quote Tool

Technologies: Angular, Java Servlet, PL SQL, Struts

Team Size: 4

Description: The INR Quote Tool application is a comprehensive business solution designed efficiently handle quoting, ordering, and managing supply chain operations.

Responsibilities: UI Development, API integration, Defect Fixing, Peer Testing.
